

Pre-Baccalaureate Certificate or Post-Baccalaureate Certificate

Alcohol & Drug Counseling

• CIP code 511501 • 18 credits • Licensed Alcohol & Drug Counselor (LADC)

Program Description

Alcohol & Drug Counseling is for students seeking professional training in substance abuse/addictions treatment, education and prevention, leading to certification or licensure.

Learning Outcomes

Students become familiar with addictions counseling, its professional ethics, and its role in society. They learn the 12 core functions of an addictions counselor: screening, intake orientation, assessment, treatment planning, referrals, reports and record keeping, and consultation with other professionals. They know and apply current theory and research in their field, and gain sufficient knowledge for competent interdisciplinary counseling practice. They exhibit socially-conscious behaviors, critical thinking, and effective communication skills in their work with individuals, caregivers, families, staff, and other professionals.

Careers

Addictions counseling professionals help people through public health agencies, youth services, residential treatment programs, hospitals, outpatient substance abuse programs, and homeless shelters.

Courses

ADC 505	Alcohol & Drugs in Society	3
ADC 611	Family Treatment of Substance Abuse.	3
ADC 601	Role of the Professional in Alcohol & Drug Treatment.	3
ADC 625	Psychopharmacology in Addictions Treatment	3
